MACKENZIE CELEBRATES POLICE STATION DEDICATION CEREMONY

Portland, Oregon (May 15, 2015) The City of Monmouth held a dedication ceremony and open house for the Monmouth Police Station on May 16, 2015 at 450 Pacific Highway West in Monmouth, Oregon. Mayor Rod Davies provided the opening remarks and station tours commenced after the presentation.

“The new two-story facility, which was previously an old Boise Cascade Building, meets the current needs of the Police Department and community, while allowing for future growth,” said Principal Architect Jeff Humphreys. Mackenzie provided design services including, architectural, structural, and civil engineering services which transformed the building into an improved, multi-functional 13,000 SF facility. The design team worked closely with the City and the Police Department to deliver the project from design to construction completion, and allowed move-in to occur at the end of last year.

Key programming features include a modernized training room that serves as dual function emergency operations center, a sally port, a fitness room with dedicated locker rooms spaces, secure police vehicle and visitor parking.

About Mackenzie

Mackenzie is a provider of professional design services comprised of professionals in architecture and interior design; structural, civil, and traffic engineering; land use and transportation planning; and landscape architecture. Anchored in the foundational elements of high performance and client focus, Mackenzie brings deep expertise in commercial office, healthcare, community infrastructure, education, institutional, federal, high tech, public building, industrial, retail, and mixed use projects.
