MACKENZIE RECOGNIZES ALISON HOAGLAND AS ASSOCIATE PRINCIPAL

Portland, Oregon – Managing Principal Rich Mitchell announces the recognition of Alison Hoagland as an associate principal. “Alison is a brilliant architect who is very personable and dependable, continuously giving our clients the attention and respect they deserve,” Mitchell said. “She has successfully led a large part of Mackenzie’s portfolio for several years, and we believe she will continue to have a positive, influential impact on her co-workers and the firm.”

Alison Hoagland has had a tremendous impact at Mackenzie as a project manager, architect, and leader of sustainability during her tenure. She is currently the retail team’s Kroger account manager, as well as the assistant department head for architecture. Aside from her vast experience in retail, Hoagland’s project portfolio contains a diverse range of project types, including industrial, commercial, hospitality, and public safety facilities. “It has been a privilege to work with so many talented people that helped sculpt our multidisciplinary firm to truly be design driven and client focused,” said Hoagland. Hoagland received her Bachelor of Architecture degree from the University of Oregon, carries LEED professional credentials, and is a certified Green Globes Professional (GGP) and Assessor (GGA)—a certification program from the Green Building Initiative designed for professionals with a demonstrated knowledge of green building practices.

About Mackenzie
